

Close to a decade, this man has published almost 600 radio shows about fringe politics, eccentric celebrities, and mind-expanding topics for extroverted intellectuals. This isn't Robb Stark of *Game of Thrones*. This man is Robert Stark, host of his long-running show, *The Stark Truth*.

This book introduces a new audience to the secluded and very underrated work of Stark's radio show and art. Inside you will find:

- A personal interview with the legend himself
- A complete checklist of every Stark Truth show ever published
- Stark's old writings
- Three published transcripts for complete newbies
- A very short film review by James J. O'Meara
- And an afterword/witness experience by Brandon Adamson

To this day, many are confused about the existence of this "American journalist" named Robert Stark. ...Until now. A must-have collector's item from the man that brought you *Journey To Vapor Island*.

"Perhaps I'm a 'normie' then, because it is certainly not good enough for me." -Adam Parfrey

"This is a very funny radio show!" -Space Alien Donald
